IMPORTANT INFORMATION: COVID-19 AND YOUR CHIROPRACTIC CARE

As all of us work to limit the spread and impact of COVID-19 on our community, we at Breitbach Chiropractic want you to know that your health and safety are our priority.

We are carefully listening to the guidance being provided by local and national leaders and health authorities to keep our patients, staff, and community safe and healthy, while minimizing disruptions to the chiropractic care you and your family need.

At Breitbach Chiropractic, we will remain open to serve the needs of you and your family during this time. Normal business hours will remain unless the Government mandates closure. However, we will be taking advanced precautions to keep our environment safe to patients and staff and we ask for you to become more informed about COVID-19. We ask if you are not feeling well due to a non-chiropractic reason, please reschedule your appointment for when you are feeling better. If you have traveled out of the country or state please self-quarantine for 2 weeks before scheduling an appointment.

Thank you for your understanding. Please do not hesitate to contact us with any questions: 608-835-5353 or drjohn@breitbachchiropractic.com.

STOP THE SPREAD OF GERMS

- Avoid close contact with people who are sick.
- Put distance between yourself and others.
- Cover your cough or sneeze in a tissue, then throw the tissue in the trash.
- Avoid touching your eyes, nose, and mouth.
- Clean and disinfect frequently touched objects and surfaces.
- Stay home when you are sick, except to get medical care.
- Wash your hands often with soap and water for at least 20 seconds.

SYMPTOMS OF CORONAVIRUS DISEASE 2019

Patients with COVID-19 have experienced mild to severe respiratory illness

- Symptoms can include:
 - Fever
 - Cough
 - Shortness of Breath
- Symptoms may appear 2-14 days after exposure

Seek Medical advice if you develop symptoms, and
Have been in close contact with a person known to have COVID-19

Or

If you live in or have recently been in an area with ongoing spread of COVID-19
